## 2018 - The Start of our Second Decade!

We started our mission some ten years ago with the desire to help New Orleans schools rebuild after the devastation of Hurricane Katrina. As I look back on these past ten years it is amazing to witness the accomplishments of our charity and, more importantly, to take in the successes of the students helped through your generosity.

The work of our charity has expanded from those early days. We now are involved with over thirty-five CPS and Harvey, IL schools. You name it and we supply it!! From everyday students materials to uniforms to winter coats to band instruments - we're there!! One of the many lessons learned, over this past decade, is the fact that we must persist. Providing aid can't be a 'once in a lifetime' act of kindness. So heading into 2018 the CPS and Harvey students will be able to continue to count on us!

Because of your ongoing support we were able to assist a good number of students and teachers in storm ravaged areas of Texas and Puerto Rico this past fall. We provided a number of drums to the Rockport, TX high school band in addition to getting supplies to a number of Houston students. And as I write you, we are assisting children in Guayama, Puerto Rico. Where we are able to help, we're pleased to lend a hand.

On behalf of our Board of Directors and the children we are fortunate enough to assist, I'd like to ask you to continue your support of Schools Count Corp. Any and all donations are certainly appreciated. As has been our practice, over the many years, 100% of all monetary donations will be used for the acquisition of various supplies.

Many Thanks,  
Dick Flesher
